1 Introduction

Greetings from KonarClasses, a truly world-class test preparation institute.

To help students realize their potential is the mission and purpose of our coaching. Our coaching is not defined by our name or status. It is defined by the way student satisfies when (s)he takes lesson from us.

We strongly believe, the performance of the students in the examinations is a feedback on how we, the faculty of KonarClasses performed in providing knowledge to our students.

Our **Arete-E-2021-2023** course is for the students admitted in Class-11 in the academic session 2021-2022 and set their aim high to prepare for different engineering entrance examinations (including JEE Main) along with their respective board examinations.

This course will be helpful to students in the following ways:

- Build a solid depth in the subject.
- Will learn new techniques to solve problems in lesser time.
- Will get a one to one session with our faculty members to clarify doubts, scope of improvements etc.
- Will be helpful to them to get a very good score in their respective board examinations while preparing for different engineering entrance examinations (including JEE Main).
- Our specially designed mock tests will enable students to get a real feeling of board examinations and different engineering entrance examinations.

Because of our dedicated and constant guidance combined with the hard working from students, so far 100% of our students got admitted into prestigious engineering institutes in different states of the country including NITs, IITs and in abroad.

Please go through the entire information brochure in details and realize how KonarClasses can make a great impact to the students preparing for board and different engineering entrance examinations (including JEE Main). In case you have any smallest query while going through this information brochure, never hesitate to give us a call/WhatsApp at +918095010670 or e-mail us at contact@konarclasses.com.

Statement from Dr. Mohua Mitra

"Namaskar, I am Dr. Mohua Mitra and both of my sons students of National Public School, Koramangala, Bangalore have taken online Maths coaching from Konar-sir. I have found him a teacher with exceptional qualities. First and foremost, he is extremely punctual. For example, if the class has to start at 6 a.m. in the morning, he will send the link or this online class through WhatsApp at 5:55 a.m. sharp. He has vast knowledge of mathematics and explains each and every concept slowly and in simple method until it is clear to the students. He also spends lot of time giving personal attention to the students...." View the complete testimonials at <https://youtu.be/SwX230IyvWk> [Above statement is from Dr. Mohua Mitra. Statement from Mr. Aniruddha Nag

"Entrance exam preparation is an industry now, with its market spread across all corners of the country. The aspirants are in abundance, and ready to put in effort and money to get into institutes. There are books to learn, but there are not enough tools to evaluate the preparation level. Existing methods are full of redundant exercises and often not very effective. With the advance of software techniques, this hurdle can be tackled in a much more sophisticated way and that is where KonarClasses come in. The founders have used their academic and software background in a novel way so that preparation is automated

and measurable. Not only that, they can track individual candidates for all their previous mistakes and randomly recheck those. For most Indian cities with full of traffic problems, they offer a full test platform from the comfort of home, which is quite exhaustive for all the subjects. There are levels of exams which help in building the confidence slowly and surely, with the facility of evaluation. Past results are always available for review. All these come at a cost which is not prohibitive. I sincerely believe that this is very useful for all the aspirants." [Above statement is from Mr. Aniruddha Nag, Director, R&D at Synopsys Inc. Both his son and daughter, students of FRANK ANTHONY PUBLIC SCHOOL took online test platform from KonarClasses for their preparation for board examination, IITJEE, K-CET and other engineering entrance examinations. During his Class-X ICSE examination, Agnipratim Nag secured state rank #3 from Karnataka with 98.8% marks and also a NTSE scholar. During his class-X days and NTSE, he leveraged online platform from KonarClasses extensively.]

Statement from Aparna Ananthanarayan

"Respected sir, This is Aparna. Wishing you a very happy Teacher's Day. I considered myself privileged to be blessed with a teacher like you (someone so patient, supportive and someone who ensured that every concept entered me). Your help not only served me in the short term for a few exams, it has come in handy years later as well. It is because of your training (strengthening and developing those fundamentals) , I was able to get an S grade (between 95-100 percent) consecutively in all semesters. I would once again like to thank you for the time, the efforts and the knowledge you imparted to me." [Above statement is from Aparna Ananthanarayan, currently pursuing engineering from a premier engineering college in India. Statement from Asha Subramanian

"Konar Classes has been an extremely useful learning experience for my son Prahalaad. The combination of personal class room one-one coaching and online classes allows him to manage his time efficiently while not losing out on the essential personal interactions. The emphasis on DPPs (Daily Practice Problems) keep him on his toes and have instilled a sense of discipline toward regular practice. The small classroom size ensures adequate personal attention to all the students. Most importantly, the online test platform provides the students with an exhaustive list of practice questions and a formal mechanism to monitor progress of the student. We are hopeful that KonarClasses comprehensive coaching

will prepare our child to approach entrance tests with confidence.” [Above statement is from Asha Subramanian, a notable scholar and alumni from ISI, Kolkata. Statement from Mr. Mayank Srivastav

”Respected sir, We are parents of Kumarans class 10th student. We were in look out for classes which can help our child not only for 10th but beyond 10th content, so that he can get ample of exposure and right approach for cracking other competitive exams as well. While searching we came across konark classes. We were impressed with the way Mr Ujjwal has designed the whole both online and offline courses to offer the best to students. His personal connect with all his students is highly appreciable. There are few things which differentiate KonarClasses from the rest: (1) Konark sirs command on the subjects which build confidence and respect in students mind. (2) Way of teaching - online and offline. He takes classes even online apart from offline as and when required. (3) Comprehensive Online testing platform with all possible types of questions a student can come across and levels of tests. (4) Evaluation mechanism and feedback process. KonarClasses are quite prompt and revert the students with their detailed paper analysis and scope of improvement which is definitely helpful in improvements in childs approach. Best wishes, Mayank Srivastav” [Above statement is from Mr. Mayank Srivastav. Statement from Kusuma Jagadish

”As a parent I am very happy to find a teacher like Mr Ujjwal Konar. He is very proactive and student friendly. He is very good at motivating students to give their best motivating the students to give their best. He is available at any point of the time to clear their doubts. He himself being an engineer from an esteemed institute like IIT, by making use of advanced technology to be accessible to the students round the clock. Mr Ujjwal Konar uploads the questions, exercises and question papers on his website on regular basis by which students can access at their convenient time at home and they can solve the question at their convenient time as well and upload their scan copy of answers to the same website, which will be corrected by the best teachers and they also suggest the most ideal answers. This can be downloaded by the students to understand the mistake done by them and to prepare with best suggested answers by the teachers. Along with this any other doubts in between can always be discussed with students by online, which saves a lot of travelling time and also the doubts can be cleared as and when required. As a whole I would say the best teaching experiences and commitment are delivered to the students with the use of advanced technology, which really saves the time to the student and allow them to make use of this teaching at their convenient time. Statement from Mrs. Avani Kalyani

"Dear Ujjwal Sir, Greetings of the season! One fine afternoon, some anonymous text message came about test preparation for NTSE at KonarClasses. We thought of exploring it further as we truly were wanting our daughter, Simoni to do better in NTSE. And that was the beginning of our association with you sir! The first couple of classes that we attended, we were convinced of your passion, success of your students. The emphasis given on clearing the fundamentals is appreciated and liked by your students most. It's the philosophy of correcting, what made your student go wrong which led to clear the concepts. It is these differentiation in your teaching method, places you in unique quadrant! It is rigor with which you pursue and follow through test, self learning tasks and exercises with your students is contagious. That energy level made my daughter realize her responsibilities. NTSE teaching and experience made us extend and continue with you for the preparation of class 10 post, November. The test cycles and it's evaluation, feedback sessions comes pretty much back to back.. The online platform augurs well in the overall scheme of things. The strong network of faculties that you have is visible. Overall it has been great being associated with you. Thanks & regards,- Avani." [Above statement is from Mrs. Avani Kalyani.
